

*New CHINESE Language Enrichment Program
..... A Great Opportunity for Your Child*

Sept. 2011

Dear Preschool Place & Kindergarten Parents:

The ability to speak a foreign language offers numerous advantages for your child. But which language your child should learn at the fast changing twenty-one century? The most widely-spoken language on the planet, **Mandarin Chinese** is undoubtedly one of the principal languages of the future.

Now, this after school program will lead your child to explore one of the oldest languages on earth, Chinese, and have fun experiencing the fascinating culture. Please come to join us at this carefully designed and child-friendly program, which is for children age 3-6 from non-Chinese speaking families. Through Chinese songs, games, stories, books, art and crafts, we will engage children to learn the Chinese language with enthusiasm and fun.

The teacher is a native Chinese who holds a B.A degree from Taiwan, a New Jersey teacher certification and has more than 15 years of teaching experiences. I have been teaching Chinese in different schools for past few years. Last year, we had a successful Chinese Language enrichment program in Hamilton School.

Please allow your child to be introduced to the great Chinese language and culture. If you're interested in joining us, please fill out the attached application form and hand it to school. **Classes will be on Tuesday from 11:30- 12:00, starting on Tuesday, October 11th.**

If you have any questions, please e-mail me at kidstalkinternational@yahoo.com. **I look forward to seeing your child.**

Sincerely yours,

Cynthia Yu , Chinese teacher
